

Variable Speed and
Flow Pool Pump

A pump so smart

For all the benefits of easy
flow control.

INTELLIFLO3[®] VSF POOL PUMP

Let the only pool pump with patented IntelliFlow[®] VSF technology keep your pool on cruise control.

Introducing a smarter pool pump. With patented IntelliFlow[®] VSF technology, it automatically adjusts to your pool's needs.

FLOW IS EVERYTHING
So Pentair invented a game-changing pump.

ADJUSTS TO POOL CONDITIONS

As conditions change with your pool water, IntelliFlow[®] VSF automatically adjusts the pump's speed to match the pool's needs.

FOR BIG POOL BENEFITS

Clearer water, bubbling bubblers, cascading fountains, and critical equipment that is taxed less and lasts longer.

SIMPLE SMARTPHONE CONTROL

With seamless WiFi or Bluetooth[®] wireless technology control via the Pentair Home app, you can control your pump's speed and runtime from anywhere.

Add the optional built-in automation to control up to two other pool devices.

Optional touchscreen IntelliFlow[®] VSF control panel.

*Savings based on variable speed pump compared to a single-speed pump running 12 hours per day at an average of \$0.16 per kWh in a 20,000 gallon pool. Actual savings may vary based on pump horsepower, pump rpm, plumbing size and length, pump model, service factor and other hydraulic factors. Individual Weighted Energy Factor (IWEF) is a key factor in determining savings.
