STA-RITE® HS Series Stainless Steel is a high strength, low alloy steel that is designed for use in applications where high strength and corrosion resistance are required. The HS Series is available in a variety of grades, including 304, 316, and 321. The HS Series is also available in a variety of thicknesses, including 1/8", 1/4", 3/8", 1/2", 3/4", 1", 1 1/2", 2", 3", 4", and 6". The HS Series is a popular choice for applications in the chemical, pharmaceutical, and food processing industries. For more information on the HS Series, please contact your local STA-RITE distributor.
